## STE CHAPELLE RESERVE 2006 ICE WINE RIESLING

---

*Wine Description:* Extra hang time and a subsequent hard freeze produced an Ice Wine Riesling bursting with beautiful aromas of apricots and pineapples and a lush, sweet finish. The wine's crisp acidity beautifully balances the high residual sugar.

*Winemaker Notes:* Idaho might be the perfect place to make Ice Wine, for it has the two distinct seasons that are required. First you must have a growing season warm enough to get the grapes ripe. Second, you need cold weather to arrive as soon as possible to freeze the grapes on the vine. The grapes are pressed while still frozen which concentrates the sugar, acid and most importantly, the flavors. Tedious and laborious to produce, the Ice Wine Riesling is well worth the trouble!

APPELLATION  
IDAHO

GRAPE VARIETY  
100% RIESLING

CASES PRODUCED  
4,000

BOTTLING  
INFORMATION  
RELEASE DATE:  
FEBRUARY 2008

ANALYSIS  
ALCOHOL - 10%  
pH - 3.0  
T.A. -1.0 g/100ml
