## WINEMAKER'S SERIES 2007 DRY RIESLING

---

Some of the most acclaimed wines in the world come from a place call Alsace. It has a tradition of both German and French winemaking. Our 2007 Dry Riesling was made in this Alsatian style. This is also the first vintage that sports one of the newest Appellations, The Snake River Valley.

*Wine Description:* Our 2007 Dry Riesling has delicious flavors of apricots and peaches and a crisp acidity that adds freshness to the finish.

*Winemaker Notes:* Every year, we select our most intensely flavored Johannisberg Riesling vineyards to make our Dry Riesling blend. We taste for grapes that will produce a wine with fruit flavors of apricot and peaches and a precise balance between body and acidity to complement the drier finish. Our 2007 Riesling harvest was distinguished by vineyards that ripened with very small berries and concentrated fruit flavors.

APPELLATION  
SNAKE RIVER VALLEY
