

Ste CHAPELLE

WINEMAKER'S SERIES 2007 RIESLING

Riesling is one of the great wine grapes of the world and can be finished in a wide variety of styles. Riesling makes up over ½ of our production and this is our most popular styles.

Wine Description: Our 2007 Riesling has delicious flavors of apricots and peaches and a crisp acidity that adds freshness to the finish and balances out the natural sweetness.

Winemaker Notes: Every year, we select our most intensely flavored Johannisberg Riesling vineyards to make our Riesling blend. We taste for grapes that will produce a wine with fruit flavors of apricot and peaches and a precise balance between body and acidity to complement the drier finish. Our 2006 Riesling harvest was distinguished by vineyards that ripened with very small berries and concentrated fruit flavors.

APPELLATION
SNAKE RIVER VALLEY

ANALYSIS
ALCOHOL - 12%
pH - 3.0
T.A. - .78 g/100ml
