CHATEAU SERIES 2008 SOFT WHITE

Our Soft White has rapidly become one of our most popular wines. The wine's fruit tone is luscious and balanced with crisp acidity making it accessible and enjoyable for all occasions.

Wine Description: Soft White is finished sweet but with enough acid to keep it in balance. The 2008 Soft White shows tropical notes, a hint of citrus and floral notes in leading to a clean and crisp finish.

Winemaker Notes: 2008 was an outstanding vintage in which all of our fruit ripened to optimal maturity before the winter weather arrived. We cold-fermented our Chenin Blanc, Sauvignon Blanc and Muscat Blanc juice in stainless tanks and then stopped the fermentation to achieve a lower alcohol level with balanced residual sweetness.
